

The Golden Fork - Special Offers

Use this file as an optional upload for the `special_offers_file` field in `/api/agents/create`. The voice agent should only mention these offers when they are relevant to the customer's order.

Active Special Offers

Offer Name	Offer Details	When To Offer
Two Large Pizza Deal	Two large pizzas and one 1.5L bottle of soft drink for GBP 19.99.	Offer when the customer orders, or is close to ordering, two large pizzas.
Free Drink With Large Meal	Free canned drink with any large meal order.	Offer when the customer orders a large meal or upgrades to a large meal.
Collection Discount	20 percent off collection orders.	Offer only when the customer chooses collection or asks about collecting the order.
Family Meal Deal	Two large pizzas, two sides, and one 1.5L bottle of soft drink for GBP 29.99.	Offer when the customer is ordering for a family or group.
Lunch Saver	Any medium pizza and one canned drink for GBP 8.99. Available Monday to Friday before 3 PM.	Offer during weekday lunch orders before 3 PM.

Voice Agent Upsell Rules

- Only mention one relevant offer at a time.
- Do not invent any discounts, free items, meal deals, or prices.
- Ask the customer before applying an offer.
- If the customer accepts an offer, include it clearly in the final order summary.
- If no offer matches the order, continue with a normal helpful upsell such as a side or drink.

Example Agent Behaviour

Customer: I'll get two large pizzas.

AI: Just to let you know, we currently have a special offer: two large pizzas and a 1.5L bottle of soft drink for nineteen pounds and ninety-nine pence. Would you like me to apply that?

Important Notes For Backend Testing

This PDF is intentionally text-based, not image-based, so the extractor can read it easily. Upload it as `special_offers_file` when testing the optional Special Offers feature.
